For **Sonic** and **The Freedom Fighters**, it began with another routine mission into **Robotropolis** with the usual objective: the total defeat of the evil **Dr. Robotnik** and deliverance of their people from his tyranny. Unfortunately, their plan went wrong, due to the apparent treachery of **Sonic The Hedgehog**, as he sent **Princess Sally** to her doom in full view of everyone.

As **The Freedom Fighters** attempted to deal with their grief over these past events, **King Acorn** imposed Sonic to a life sentence on the prison island known as **The Devil's Gulag**. While on route, the vehicle carrying Sonic and one other Freedom Fighter traitor was shot down, providing Sonic with a means to escape and attempt to clear his name.

Outraged, **King Acorn** dispatched his most capable warrior, **Geoffrey St. John** to hunt down the hedgehog at all costs.

Accompanied by his lieutenants and a couple of **Tasmanian Devil Dogs**, St. John was soon hot on the trail, following the elusive hedgehog deep into the caverns near the crash site.

Unbeknownst to St. John or any of **The Freedom Fighters**, **Robotnik** unleashed a massive plan of treachery and deceit. It left everyone to wonder whose side anyone was on, especially when their beloved **King Acorn** delivered them into the hands of their greatest enemy.

While **The Freedom Fighters** struggle with their predicament, Sonic has been cornered right into the thunderous mouth of **Angora Falls**, without any option in sight ...

This special issue sports a computer-rendered cover and hosts almost every single writer and artist who EVER worked on Sonic. You heard it here first! **SONIC THE HEDGEHOG #50** on sale June '97.

Dear Sonic-Grams,
I'm dropping you a line to give you my compliments on the series lately. I really enjoy the way the stories seem to carry over more from one issue to the next, no longer limiting themselves to one issue. Especially since King Acorn's return.

I'd like to point out that I'm twenty-three years old and a dedicated reader. While I do understand that you have many, many young readers... there are also many older readers like myself who read SONIC and KNUCKLES month after month. Just thought you'd like to know.

Brian King
Whitmire, SC

Oh, mah stars and garters. It's little ol' me... Bunnie Rabbot. The Downunda Freedom Fighters and Antoine are comin' up with a plan while ah answer your letters this month. Thanks for your generous compliment, dear sir. Our editorial staff try to keep a loose — what's that word again — continuity goin' in the books since the King's return. Why? 'Cause every issue brings its own little surprises and affects everybody in Mobius month after month.

Dear Sonic,

I watch SONIC on USA Network's Cartoon Express. I have a few questions: 1) Why does Sally kiss you and hug that skunk dude (Geoffrey St. John) in issue #43? 2) In SONICQUEST #3, you used Silver Sonic's robot body to fight Robotnik. How is that possible when you fried it? 3) What is Dr. Robotnik's first name: Ivo or Julian? 4) If the Floating Island has only one

chaos emerald, how could Robotnik steal two emeralds in the SONICQUEST series? I gotta' buz', cuz'!

Steven Cash
Oxford, NC

Hey Sugah, what's shakin'? 1) Ah don't like St. John any more than you do... but you gotta' admit he's a hunk and a half. 2) As far as ah know, Sonic fried Silver Sonic's memory banks, deleting its programming to hurt Sonic and turned it on Robotnik. 3) Robotnik's first name is Julian. Ivo is his family name who he now uses as his first after adopting the name Robotnik. 4) In SUPER SONIC VS. HYPER KNUCKLES #1, Knuckles got a second emerald he keeps as a spare.

Dear Sonic-Grams,
First I'd like to congratulate Spaz and Manny Galan on the awesome artwork and Harvo on the incredible inks. Questions: 1) Is Julayla Sally's mom? 2) Did Carl Condor make an appearance before SONICQUEST #1? 3) Is Knuckles ever gonna get his own series? He deserves one. 4) Is Archimedes now a part of the Chaotix? So until Sally starts going out with Robotnik...

Andrew Cline
Dolton, GA

Even as ah speak, Spaz, Manny and Harvo are makin' their bows of thanks. 1) No, Julayla was Sally's mentor (teacher). Her cousin Rosie was (and at times still thinks she is) Sally's nanny. Julayla passed away in SONIC #18. 2) No, that was his first appearance. 3) Rad Red finally did it. He's got his own book. Read the editorial for more details. 4) Ah think so.

Dear Sonic and Co.,

The Death Egg Saga was hilarious! I laughed all the way through, especially the part where Antoine gets lost... and Snivopolis! I thought you guys did a wonderful job. 'Til issue 100!

Kendra "Kat" Kountz
Kflexo

Thanks for your compliment on those issues. It was definitely an interesting experience (except when Sugah-Twan had us going around in circles).

Hey, Team Sonic,

Here it is in a nutshell: Sally should pass away. Whether she comes back or not (you know how comic book death works after all...) is up to you, but you can only avoid real-life topics so long before it gets stale. Anyone who doesn't agree can watch Barney. As for me, I'll still look forward to another issue of Sonic, no matter what. I read it because it's a comic book, remember?

Kerri Vines
kicks@gwn.org

Kerri is one opinionated gal ah could look up to. Thanks for sharin' your views with us, sugah.

Check out the next issue. It starts with SONIC and ends with the number fifty. All this and a computer-rendered cover by you know who. You'll be kickin' yourself if ya miss it. So don't. Y'all come back in thirty days, ya' hear?
